(Note 1) “Location” is based on the residential address. However, for properties that have no residential address, the building address on the registry is indicated. In addition, “Area” of “Land,” “Completion Date,” “Structure / Number of Floors,” “Gross Floor Area” and “Use” of building are based on information in the real estate registry, and may not necessarily be identical with the actual figures. “Gross Floor Area” of building denotes the area of the entire building (excepting annexes).

(Note 2) “Property Management Company” is the company that is scheduled to provide property management service for each property.

(Note 3) “Master Leasing Company” is the lessee that is scheduled to conclude a master lease agreement with the titleholder of each property.

(Note 4) “Special affairs” are matters recognized as important, regarding the right and use, etc. of the asset, as well as consideration of the degree of impact on the appraised value, profitability, and appropriation. They include the following matters:

- i Significant limitation or restriction by laws, regulations and rules
- ii Significant burdens or limitations on rights, etc.
- iii Significant cases where there are architectural structures crossing the boundaries of the concerned property, etc. and cases where there are issues with boundary confirmation, etc., and related arrangements, etc.
- iv Significant agreements, arrangements, etc. concluded with co-owners / sectional owners.

(Note 5) Explanation of “Summary of Rental Status”

- i “Rentable Area” is the total rentable floor area of residences and retail stores, etc. of the asset (if the common area, etc. is leased, the concerned area is also included). “Rentable Area” for Non-Pass-through type master lease agreements (master lease agreements (defined in ii below) other than Pass-through type master lease agreements (defined in ii below)) is the rentable area based on the lease agreement concluded between CRR or Trustee of Beneficial Trust and the Master Leasing Company. The Rentable Area is not based on the real estate registry, but the floor area stated in the lease agreement or the floor area calculated from the building as-built drawing, etc., and may not necessarily be identical to the floor area written in the real estate registry.
- ii In the following cases, “Rented Area” means the floor area (based on the floor area in the lease agreement; however, limited to the floor area of residences and retail stores, etc. (when all units are leased in bulk, the floor area of the entire leased units and excluding the leased area of parking lots) that is actually leased and a lease agreement is executed with the end-tenant. Cases where all or some units are leased in bulk, based on the lease agreement (“Master Lease Agreement”), and the Master Leasing Company in Master Lease Agreement subleases end-tenants, besides there is an agreement under which the rent of Master Lease Agreement is in accordance with the rent, etc. that end-tenants paid (hereafter this type of Master Lease Agreement is referred to as “Pass-through type Master Lease Agreement”). “Rented Area” for Non-Pass-through type master lease agreements is the rented area based on the lease agreement concluded between CRR or Trustee of Beneficial Trust and the Master Leasing Company
- iii “Occupancy Rate” is the rate of rented area to rentable area.
- iv “Rentable Units” is the number of rentable units (including the number of stores, if any). “Rentable Units” for Non-Pass-

- through type master lease agreements is the number of units that the Master Leasing Company can sublease.
- v “Rented Units” is the number of rented units (which includes the number of stores, if any) that is actually leased and a lease agreement is executed with the end-tenant. “Rented Units” for Non-Pass-through type master lease agreements is the number of units leased to the Master Leasing Company.
  - vi “Total Number of Tenants” is the number of tenants with which CRR or Trustee of Beneficial Trust has a direct rental contract relationship. Therefore, when CRR or Trustee of Beneficial Trust leases comprehensively to the Master Leasing Company all units of the acquired property, and the Master Leasing Company subleases each unit to end-tenants, the Total Number of Tenants is 1; that is, the end-tenants of the sublease agreements are excluded.
  - vii When the Master Leasing type is a Pass-Through type Master Lease Agreement, “Total Monthly Rent” means the total monthly rent, as of October 31, 2020 (including the common area expense, but not fees for incidental facilities such as parking lot or trunk room) stated in the lease agreements executed by the Master Leasing Company, or the owner of each real estate or real estate in real estate trust with end-tenants. In addition, in the case that the master lease type is a non-pass-through master lease agreement, the monthly rent (common area expense are included (except when the common area expense is not a fixed amount.), except for parking lots, trunk rooms and other ancillary facilities.) based on the lease agreement between CRR or the Trustee of Beneficial Trust and the Master Leasing Company is stated. Amounts are rounded down to the nearest thousand yen. Consumption tax and other taxes are excluded.
  - viii In the case that the master lease type is a Pass-Through type Master Lease Agreement, “Security Deposit” is the total amount of security deposit, as of October 31, 2020, based on lease agreements executed with the end-tenants, rounded down to the nearest thousand yen. However, if a Security Deposit does not need to be repaid according to special policy conditions such as the redemption of the deposit in a lease agreement, the amount of the Security Deposit is excluded. In addition, in the case that the Master Lease type is a Non-Pass-Through type Master Lease Agreement, the Security Deposits based on the lease agreement between CRR or the Trustee of Beneficial Trust and the Master Leasing Company are stated.
